

*"Securing today's legacy for future leaders tomorrow"*

FNC a 501(c)(3) organization, was founded in 2010, by concerned citizens of Charles County, to assist low-to-moderate income working families with children, who do not have the resources for academic enrichment programs at the most crucial hours of the day: after-school and summer time. We are a group of dedicated and committed professional volunteers giving back to our community.

Uniquely positioned to fill those opportunity gaps and support the acquisition of basic skill development such as reading, writing, enhancing math and science along with life skills among undeserved youth to help them build a brighter future.

*FNC's mission is to surround students with a community of support; raising expectations and providing effective resources after school and summer academic enrichment programs that encourages, motivate and empowers youth to stay in school and achieve in and outside the classroom and in life.*

Thank you Sponsors for your continued support!

*Everyone can be great because anyone can serve. You don't have to have a college degree to serve. You don't even have to make your subject and your verb agree to serve... You only need a heart full of grace. A soul generated by love...*

*Dr. Martin Luther King, Jr.*
