

Future Next Corporation Presents: 3rd Annual

# C.A.M.P.

Children Academic Motivational Program

July 7th - August 7th 2014

Monday - Thursday 5:30 - 7:30 pm

**APPLY Now!**

Registration open  
5/1 - 5/31/2014

[www.futurenext.org](http://www.futurenext.org)

## Math

**Monday: MATH**  
4<sup>th</sup> - 8<sup>th</sup> grade

**Plus: K - 3rd grade Enrichment**

This program is designed to reinforce math concepts through authentic and interesting activities and experiences. Activities will include competitive games, group projects, and real-world examples. Students will be grouped by skill level.

## Reading

**Wednesday: READING**  
4<sup>th</sup> - 8<sup>th</sup> grade

An interactive program to get participants excited about reading and writing. Classroom discussions and activities will revolve around a selected book to help build comprehension, vocabulary, and critical thinking. Students will also keep a personal journal to allow for creativity and practicing writing skills.

## Science

**Tuesday: SCIENCE**  
4<sup>th</sup> - 8<sup>th</sup> grade

Led each week by a different professional engineer, the Science program will include interactive and hands-on activities to excite students about science and engineering by showing them real-world applications. Program projects will include design competitions, science experiments, and hands-on projects covering topics such as aerospace, automotive, infrastructure, electronics, energy, and health. Activities will develop students' critical thinking, logic, communication, and understanding of basic science con-

## Mystery Night

**Thursday: "MYSTERY NIGHT"**  
4<sup>th</sup> - 8<sup>th</sup> grade

Anything can happen on Mystery Night! A different guest will come each week to give a presentation or lead activities on topics ranging from fitness, health, poetry, African American History, business, and more.
