### Sponsorship Is a Partnership

Your business will receive exposure from thousands of participants, parents, relatives, and community leaders. Your sponsorship will serve to promote your business, build an image of community support and corporate responsibility that will POSITIVELY impact youth development in our communities.

### How Your Sponsorship Investment Is Used:

1. Keeps participation costs affordable for the community and families
2. Pays for much needed educational tutorial services preventing children from grasping basic core skills needed in order to move to the next level in elementary, middle and high school and even college. We aim to bridge the existing gap in academic achievement by creating individualized programs that reflects positive academic and personal outcomes with youth in our community. Make programs available to more families that are in need during the critical times youth are often times less productive or left alone after school and during the summer break. As FNC continues to expand we rely on the continued support of our sponsors, as we are developing more vital programs that will reach and impact more at risk youth in our surrounding communities.
3. Your sponsorship enables FNC to provide high quality programs to its young people that builds high levels of skills and reinforced what is taught at school resulting in better test results, attitude towards learning and confidence in and outside the classroom. IT IS ENRICHMENT ACADEMICS AND HEALTHY FOR OUR CHILDREN!
