FNC is a 501(c) (3) nonprofit organization, founded in 2010. FNC is a group of dedicated and committed volunteers giving back to our communities. Our goal is to bridge the existing gap in education by providing effective after school and summer academic enrichment/ life skill programs that encourages academic and self achievements in and outside the classroom. Together we are helping children and youth succeed in school to stay productive, set goals, stay engaged, and be prepared for a continuing their education after high school.

Volunteers are the beating heart of Future Next and the millions of Non Governmental Organizations (NGO's) around the world. Whether you are volunteering to help natural disaster victims recover or rebuilding a community or teaching someone to read or pick up a new language. Volunteers are needed and appreciated for the humanitarian efforts to their neighbors. This is not a job rather a natural act of kindness someone is compelled and morally honored to do. It's what keeps us human and full of love in helping others in need.

*Everyone can be great because anyone can serve. You don't have to have a college degree to serve. You don't even have to make your subject and your verb agree to serve... You only need a heart full of grace. A soul generated by love...*

*Dr. Martin Luther King, Jr.*
